Batesville Express LLC,

Appellant,

v.

Retailer Operations Division,

Respondent.

Case Number: C0221861

FINAL AGENCY DECISION

It is the decision of the U.S. Department of Agriculture (USDA), Food and Nutrition Service(FNS), that there is sufficient evidence to support a six-month disqualification from the Supplemental Nutrition Assistance Program (SNAP) as imposed by the Retailer Operations Division.

ISSUE

The issue accepted for review is whether the Retailer Operations Division took appropriate action, consistent with Title 7 Code of Federal Regulations (CFR) Part 278, when it imposed a six-month disqualification against Batesville Express LLC.

AUTHORITY

7 U.S.C. § 2023 and its implementing regulation at 7 CFR § 279.1 provides that “A food retailer or wholesale food concern aggrieved by administrative action under § 278.1, § 278.6 or § 278.7 ... may ... file a written request for review of the administrative action with FNS.”

CASE CHRONOLOGY

The USDA conducted an investigation of the compliance of Batesville Express LLC with Federal SNAP law and regulations from December 2019 through January 2020. In a letter dated February 12, 2020, the Retailer Operations Division charged the Appellant store with accepting SNAP benefits in exchange for merchandise which included ineligible non-food items in violation of 7 CFR § 278.2(a). These SNAP violations occurred during four (4) out of five (5) compliance visits. The letter further informed the Appellant that the chargeable

violations warranted a six-month disqualification period as provided in 7 CFR § 278.6(e)(5). The Appellant was informed it could respond to the charges within ten (10) calendar days following delivery of the charge letter. The charge letter was delivered to the store by UPS on February 14, 2020. The Appellant did not respond to the charge letter.

After considering the evidence in the case, the Retailer Operations Division issued a determination letter dated February 27, 2020. The determination letter informed the Appellant it was disqualified from the SNAP for a six-month period in accordance with 7 CFR § 278.6(a) and(e). The determination letter also stated that the Retailer Operations Division considered the Appellant's eligibility for a hardship civil money penalty (CMP) under 7 CFR § 278.6(f)(1). The Retailer Operations Division determined that the Appellant was not eligible for the hardship CMP in lieu of the six-month disqualification because there were other authorized retail stores in the area selling as large a variety of staple foods at comparable prices. The determination letter was delivered by UPS on February 28, 2020.

In a letter postmarked March 3, 2020, the Appellant requested an administrative review of the Retailer Operations Division's determination. The request for review was granted. Upon acceptance of the administrative review request, implementation of the six-month disqualification was held in abeyance pending completion of this review.

STANDARD OF REVIEW

In appeals of adverse actions, an appellant bears the burden of proving by a preponderance of the evidence, that the administrative actions should be reversed. That means an appellant has the burden of providing relevant evidence which a reasonable mind, considering the record as a whole, might accept as sufficient to support a conclusion that the matter asserted is more likely to be true than not true.

CONTROLLING LAW AND REGULATIONS

The controlling law in this matter is covered in the Food & Nutrition Act of 2008, as amended, 7 U.S.C. § 2021, and promulgated through regulation under Title 7 CFR Part 278. In particular, 7 CFR § 278.6(a) and (e) establish the authority upon which a disqualification may be imposed against a retail food store or wholesale food concern.

7 CFR § 278.2(a) states, in part:

Coupons may be accepted by an authorized retail food store only from eligible households ... and only in exchange for eligible food.

7 CFR § 271.2 states that the definition of "coupon" includes:

... an electronic benefit transfer card or personal identification number issued pursuant to the provisions of the "Food and Nutrition Act of 2008, as amended, for the purchase of eligible

food.

7 CFR § 271.2 states, in part:

Eligible foods means: ... Any food or food product intended for human consumption except alcoholic beverages, tobacco and hot food and hot food products prepared for immediate consumption

7 CFR § 278.6(a) states, in part:

FNS may disqualify any authorized retail food store ... if the firm fails to comply with the Food and Nutrition Act of 2008, as amended, or this part. Such disqualification shall result from a finding of a violation on the basis of evidence that may include facts established through on-site investigations....

7 CFR § 278.6(e) states, in part:

FNS **shall** take action as follows against any firm determined to have violated the Act or regulations ... (5) **Disqualify the firm for 6 months** if it is to be the **first sanction** for the firm and the evidence shows that personnel of the firm have committed violations such as, but not limited to, **the sale of common non-food items** due to carelessness or poor supervision by the firm's ownership or management. [Emphasis added.]

7 CFR § 278.6(f)(1) states, in part:

FNS may impose a civil money penalty as a sanction in lieu of disqualification when...the firm's disqualification would cause hardship to SNAP households because there is no other authorized retail food store in the area selling as large a variety of staple food items at comparable prices.

SUMMARY OF THE CHARGES

During an investigation conducted from December 2019 through January 2020, the USDA conducted five (5) compliance visits at Batesville Express LLC. A report of the investigation was provided to the Appellant as an attachment to the charge letter dated February 12, 2020. The investigation report included Exhibits A through E which provide full details on the results of each compliance visit.

The investigation report documents that SNAP violations were recorded during four (4) of the five (5) compliance visits as documented by Exhibits A, C, D and E. The chargeable violations in Exhibits A, C, D and E involved the sale of eight (8) SNAP ineligible non-food items which consisted of five (5) Styrofoam cups and three (3) rolls of 60-sheet paper towels. The violations were all conducted by the same clerk. In Exhibits D and E, the clerk also refused to exchange SNAP benefits for cash but this does not negate the other violations documented in Exhibits D and E.

APPELLANT'S CONTENTIONS

The Appellant made the following summarized contentions in its request for administrative review, in relevant part:

- The store is sorry about the mistake and will be more careful in the future.
- The mistake will never happen again.

The preceding may represent only a brief summary of the Appellant's contentions presented in this matter. Please be assured, however, in reaching a decision, full attention was given to all contentions presented, including any not specifically recapitulated or specifically referenced herein.

ANALYSIS AND FINDINGS

Investigation Report

The investigation report documents that the charges of violations are based on the findings of a formal USDA investigation. The transactions cited in the letter of charges were conducted under the direction of a USDA investigator and are thoroughly documented. A complete review of this documentation has yielded no known error or discrepancy. The investigation report is specific and thorough with regard to the dates of the violations, the specific facts related thereto, and is supported by documentation that confirms specific details of the transactions. The investigation report documents by a preponderance of the evidence that personnel at the store exchanged ineligible items for SNAP benefits.

Owner Accountability

Store owners are accountable for the proper training of staff and the monitoring and handling of SNAP benefit transactions. The store owner signed the SNAP application for Batesville Express LLC on November 17, 2016. That application included a signed certification that the owner(s) would "accept responsibility on behalf of the firm for violations of the SNAP regulations, including those committed by any of the firm's employees, paid or unpaid, new, full-time or part-time." The violations listed on this certification include accepting SNAP benefits in exchange for cash, otherwise known as trafficking, and other violations including accepting SNAP benefits as repayment on credit accounts or in exchange for ineligible non-food items.

Violations Warrant a Six-Month Disqualification

The SNAP regulation at 7 CFR § 278.6(e)(5) does not allow for a lesser disqualification period and states, in part, that "FNS **shall** take action as follows against any firm determined to have violated the Act or regulations ... **Disqualify the firm for 6 months** if it is to be the **first sanction** for the firm and the evidence shows that personnel of the firm have committed

violations such as, but not limited to, the sale of **common non-food items due to carelessness or poor supervision** by the firm's ownership or management." [Emphasis added.]

The investigation report documents that the number of chargeable violations over multiple transactions in this case equate to carelessness or poor supervision by ownership. Therefore, the Retailer Operations Division correctly determined that the violations warranted a six-month disqualification, the least severe penalty allowed by regulation under these circumstances.

Corrective Action

The Appellant states the store will take corrective action by being more careful and that the violations will never occur again. Regarding this contention, it is important to clarify for the record that the purpose of this review is to either validate or to invalidate the earlier determination of the Retailer Operations Division. This review is **limited** to what circumstances existed at the time of the violations that was the basis of the Retailer Operations Division's action. It is not within the authority of this review to consider what subsequent corrective actions may be planned or taken so that a store may begin to comply with program requirements.

In addition, there are no provisions in the SNAP regulations for a waiver or reduction of an administrative penalty assessment on the basis of alleged or planned corrective actions implemented **after** findings of program violations. Therefore, the Appellant's contention that corrective action will now take place does not provide any valid basis for dismissing the charges or for mitigating the penalty imposed.

HARDSHIP CIVIL MONEY PENALTY

The Retailer Operations Division determined that the Appellant was not eligible for a hardship CMP under 7 CFR § 278.6(f)(1). That regulation reads, in part, "FNS may impose a civil money penalty as a sanction in lieu of disqualification when...the firm's disqualification would cause **hardship to SNAP households** because **there is no other** authorized retail food store in the area selling as large a variety of staple food items at comparable prices." [Emphasis added.]

The case record documents that the Retailer Operations Division determined that a six-month disqualification of Batesville Express LLC, a convenience store, would not cause a hardship to SNAP households as there are other comparable or larger SNAP authorized stores in the area. The Retailer Operations Division determined through agency mapping systems that there were ten (10) SNAP authorized retail stores within a three-mile radius of Batesville Express LLC. The stores consisted of six (6) convenience stores, a supermarket, and three (3) superstores. The supermarket was located only 0.06 miles away. The supermarket and superstores would all have a greater depth and breadth of staple food at likely comparable or better prices. In addition, there is no evidence that Batesville Express LLC carries any specialty or international foods that cannot be obtained at these other stores.

Based on the analysis above, a six-month disqualification of Batesville Express LLC would not

cause a hardship to SNAP recipients in the area, as opposed to a mere inconvenience; therefore, the Retailer Operations Division decision not to assess a hardship CMP in lieu of a six-month disqualification is **sustained** as appropriate under 7 CFR § 278.6(f)(1).

CONCLUSION

It is established that the violations as described in the letter of charges did in fact occur at Batesville Express LLC warranting a disqualification of six (6) months in accordance with 7 CFR § 278.6(e)(5). That regulation states that FNS **shall** “disqualify the firm for 6 months if it isto be the first sanction for the firm and the evidence shows that personnel of the firm have committed violations such as, but not limited to, the sale of common non-food items due to carelessness or poor supervision by the firm’s ownership or management.” Therefore, the decision to impose a six-month disqualification, **the least severe penalty** allowed by regulation, against Batesville Express LLC, Appellant, is appropriate and the action is **sustained**.

In accordance with the Act and regulations, the six-month period of disqualification shall become effective thirty (30) days after receipt of this letter. The Appellant may submit a new application for SNAP authorization ten (10) days prior to the expiration of the six-month disqualification period.
