Carniceria El Ranchito LLC #2,

Appellant,

v.

Case Number: C0210530

Retailer Operations Division,

Respondent.

FINAL AGENCY DECISION

It is the decision of the U.S. Department of Agriculture (USDA), Food and Nutrition Service (FNS), that there is sufficient evidence to support a finding that the denial of a hardship civil money penalty, in lieu of a three (3) year disqualification from Supplemental Nutrition Assistance Program (SNAP) as a result of Women, Infants and Children (WIC) Program violations, was properly rendered by the Retailer Operations Division against Carniceria El Ranchito LLC #2 Foods (hereinafter Appellant).

ISSUE

The issue accepted for review is whether the Retailer Operations Division took appropriate action, consistent with 7 CFR § 278.6(e)(8) in its administration of the Supplemental Nutrition Assistance Program (SNAP) when it denied assessing a civil money penalty in lieu of a three (3) year disqualification against Appellant on July 25, 2018.

AUTHORITY

7 U.S.C. § 2023 and the implementing regulations at 7 CFR § 279.1 provide that “A food retailer or wholesale food concern aggrieved by administrative action under § 278.1, § 278.6 or § 278.7 . . . may . . . file a written request for review of the administrative action with FNS.”

CASE CHRONOLOGY

FNS was advised by the State of Indiana Department of Health, via email correspondence, dated July 9, 2018, that Appellant was being disqualified from the WIC Program for three (3) years identified as the period starting July 6, 2018, and that all appeals have been exhausted. The email correspondence was appended with State of Wisconsin, Department of Health Services letter dated June 21, 2018, addressed to Appellant and that included information on violations committed against the terms and conditions contained in the Vendor Agreement. Those

violations included ones pursuant to 7 CFR § 278.6(e)(8)(i)(E) “A pattern of charging WIC customers more for food than non-WIC customers or charging WIC customers more than the current shelf price.”

In a letter dated July 9, 2018, the Retailer Operations Division informed ownership of the agency’s intention to disqualify Appellant from participation in the SNAP for a period of three (3) years as a reciprocal administrative action on the basis of the store’s disqualification from the WIC Program. Appellant failed to respond to the charge letter and in correspondence dated July 25, 2018; Retailer Operations Division notified Appellant that it was disqualified from the SNAP. The Determination letter stated in relevant part:

“You were informed of a possible reciprocal Supplemental Nutrition Assistance Program (SNAP) disqualification as a result of the WIC disqualification action. All opportunities for appeal of the WIC State agency action have been exhausted or have expired. Therefore, in accordance with Section 278.6(e)(8)(iii) of the SNAP regulations, your firm shall be disqualified from the Supplemental Nutrition Assistance Program for a period of 3 years. This determination is final and is not subject to administrative review.”

STANDARD OF REVIEW

In appeals of adverse actions, an appellant bears the burden of proving by a preponderance of the evidence that the administrative actions should be reversed. That means an appellant has the burden of providing relevant evidence which a reasonable mind, considering the record as a whole, would accept as sufficient to support a conclusion that the matter asserted is more likely to be true than not true.

CONTROLLING LAW

The controlling statute in this matter is contained in the Food and Nutrition Act of 2008, as amended, 7 U.S.C. § 2023 and Section 278 of Title 7 of the Code of Federal Regulations (CFR).

Section 12 [7 U.S.C § 2021] (a)(1) states, in part, “An approved retail food store or wholesale food concern that violates a provision of this Act or a regulation under this Act may be: (A) disqualified for a specific period of time from further participation in the supplemental nutrition assistance program; (B) assessed a civil penalty of up to \$100,000 for each violation; or (C) both.”

7 CFR § 278.6(e)(8) states, in part, FNS shall disqualify from the Food Stamp Program any firm which is disqualified from the WIC program.”

7 CFR § 278.6(e)(8)(iii)(A) states, in part, that such a disqualification: “...shall be for the same length of time as the WIC disqualification.”

7 CFR § 278.6(e)(8)(iii)(C) states, in part, that such a disqualification: “Shall not be subject to administrative or judicial review under the Food Stamp Program.”

7 CFR § 278.6(f)(1) states, in part, “FNS may impose a civil money penalty as a sanction in lieu of disqualification when the firm subject to a disqualification is selling a substantial variety of staple food items, and the firm’s disqualification would cause hardship to food stamp households because there is no other authorized retail food store in the area selling as large a variety of staple food items at comparable prices.”

7 CFR § 278.1(b)(4)(i) states, in part, “If the applicant firm has been sanctioned for violations of this part, by withdrawal or disqualification for a period of more than six months, or by a civil money penalty in lieu of a disqualification period of more than six months, or if the applicant firm has been previously sanctioned for violations and incurs a subsequent sanction, regardless of the disqualification period, FNS shall, as a condition of future authorization, require the applicant to present a collateral bond or irrevocable letter of credit...”

7 CFR § 278.1(b)(4)(D) states, in part, “The collateral bond of irrevocable letter of credit must have a face value of \$1,000 or an amount equal to ten percent of the average monthly SNAP redemption volume of the applicant firm for the immediate twelve months prior to the effective date of the most recent sanction which necessitated the collateral bond or irrevocable letter of credit, whichever amount is greater.”

APPELLANT’S CONTENTIONS

In a letter dated July 31, 2018, ownership made the following summarized contentions in response to the Retailer Operations Division determination that Appellant was not eligible for a CMP in lieu of disqualification, in relevant part:

1. We have been accepting EBT for 3 ½ years and most of our customers are already use to the fact that our store has this option available and in our area they choose our store. We have very comparable prices and the quality of groceries, vegetables available that they use on their daily meals.
2. Ownership did not want to appeal this to the WIC office since WIC was not one of our strongest sellers. We understand that the idea of our store possibly abusing the EBT benefit could be one of the USDA concerns but we feel confident that any undercover investigation will show that we do not do anything to jeopardize our relationship with the Government office.
3. By the USDA office taking our ability to use the food stamps at our store, it will really minimize our sales.
4. We ask the USDA to consider a less of a hardship punishment to our store and if necessary to pay a fine so that we can continue using the food stamps service.

In subsequent correspondence dated August 16, 2018, Appellant provided a seven-page copy of its Invoice Detail Inquiry. The preceding may represent only a brief summary of Appellant’s contentions in this matter. However, in reaching a decision, full attention and consideration has been given to all contentions presented, including any not specifically recapitulated or specifically referenced herein.

ANALYSIS AND FINDINGS

The record shows that Appellant was informed in the FNS letter of charges dated July 9, 2018, as well as in the FNS letter of determination dated July 25, 2018, that the determination to disqualify Appellant from the SNAP, on the basis of the WIC Program disqualification, is not subject to administrative review. Notwithstanding any new or repeated arguments the WIC disqualification is a matter decided within the Indiana State Health Department and the basis for that decision is not a consideration in the instant case per SNAP regulations at 7 CFR § 278.6(e)(8)(iii)(C); rather the immediate appeal is focused strictly on the firm's eligibility for a hardship civil money penalty.

It is important to clarify that Appellant was duly notified that the WIC Program disqualification may result in a reciprocal SNAP authorization disqualification in the notice from the Indiana Department of Health dated June 21, 2018. Page 2, second paragraph, of the WIC disqualification notice states "Please be advised that, pursuant to 7 C.F.R. § 246.12 ... Disqualification from the WIC program may also result in a disqualification as a retailer in the Supplemental Nutrition Assistance Program (SNAP)."

CIVIL MONEY PENALTY

With regard to Appellant's contentions, Retailer Operations Division has rendered a finding pursuant to 7 CFR § 278.6(f) that it would not be appropriate to impose a CMP in lieu of a period of disqualification because of its determination that Appellant is not the only authorized retail food store in the area "selling as large a variety of staple food items at comparable prices." The imposition of a CMP in lieu of disqualification is appropriate only if a store sells a substantial variety of staple food items and its disqualification would create a hardship to SNAP households because there is no other authorized retail food store in the area selling as large a variety of staple food items at comparable prices. The regulations do not refer to the availability of WIC vendors but rather to the availability of SNAP authorized retailers. The SNAP regulations do not define hardship as inconvenience, but specifically defines it as a condition that results because "there is no other authorized retail food store in the area selling as large a variety of staple food items at comparable prices."

In this case, the Retailer Operations Division has noted Appellant as a combination other store, as defined in accordance with SNAP regulations, and is located in an area where seven (7) alternative SNAP authorized firms are located within a one (1) mile radius. The alternative SNAP authorized firms include one small grocery store, one medium grocery store, one superstore and four additional combination /other grocery stores; and that the alternative SNAP authorized firms are identified as selling as large a variety or staple food items at prices comparable to those of Appellant. Therefore, by definition, there is no hardship that will result as there is no lack of comparable stores in the area.

CONCLUSION

Based on the discussion herein, the decision to deny the imposition of a hardship CMP in lieu of a three (3) year SNAP disqualification against Carniceria El Ranchito LLC #2 Foods is sustained.

In accordance with the Food and Nutrition Act of 2008, as amended, and the SNAP regulations, the period of disqualification shall become affective 30 days after receipt of this letter. A new application for participation may be submitted by the firm 10 days prior to the expiration of this three (3) year period. In accordance with 7 CFR § 278.1(b)(4), at the time of any such new application for program participation, the firm would be advised by the office receiving such an application of the necessity, as a store previously sanctioned for program violations, also to post a collateral bond or irrevocable letter of credit as a condition for once more being authorized to participate in the program.
