Egan Deli Inc,

Appellant,

v.

**Office of Retailer Operations and
Compliance,**

Respondent.

Case Number: C0207722

FINAL AGENCY DECISION

The U.S. Department of Agriculture (USDA), Food and Nutrition Service (FNS) finds that there is sufficient evidence to support the determination by the Office of Retailer Operations and Compliance to impose a permanent disqualification against Egan Deli Inc (“Appellant”) from participating as an authorized retailer in the Supplemental Nutrition Assistance Program (SNAP).

ISSUE

The purpose of this review is to determine whether the Office of Retailer Operations and Compliance took appropriate action, consistent with Title 7 of Code of Federal Regulations (CFR) § 278.6(e)(1)(i) in its administration of SNAP when it imposed a Permanent Disqualification against Appellant on February 2, 2021.

AUTHORITY

According to 7 U.S.C. § 2023 and its implementing regulations at 7 CFR § 279.1, “A food retailer or wholesale food concern aggrieved by administrative action under § 278.1, § 278.6 or § 278.7 . . . may . . . file a written request for review of the administrative action with FNS.”

CASE CHRONOLOGY

The USDA conducted an investigation Appellant’s compliance with federal SNAP law and regulations during the period of July 20, 2018 through July 25, 2018. The investigation reported that personnel at Appellant accepted 5 U.S.C. § 552 (b)(6) & (b)(7)(C) in SNAP benefits in exchange for cash (trafficking) in the amount 5 U.S.C. § 552 (b)(6) & (b)(7)(C) on one occasion and 5 U.S.C. § 552 (b)(6) & (b)(7)(C) on another occasion, as well as permitting the purchase of

other non-food items with SNAP benefits. The investigation revealed that two unidentified clerks were involved in the impermissible transactions.

As a result of evidence compiled from this investigation, the Office of Retailer Operations and Compliance informed Appellant, in a letter dated August 9, 2018, that its firm was charged with violating the terms and conditions of the SNAP regulations, 7 CFR § 278.6(e)(1). This letter stated, in part, “As provided by Section 278.6(e)(1) of the SNAP regulations, the sanction for trafficking . . . is permanent disqualification.” The letter also states that “under certain conditions, FNS may impose a civil money penalty (CMP) . . . in lieu of a permanent disqualification of a firm for trafficking.”

Appellant replied to the charges in a subsequent letter to the Office of Retailer Operations and Compliance. The record reflects that the Office of Retailer Operations and Compliance received and considered this information prior to making a determination.

The Office of Retailer Operations and Compliance notified Appellant in a letter dated February 2, 2021 that the firm was being permanently disqualified from participation as an authorized retailer in SNAP in accordance with Section 278.6 (c) and 278.6(e)(1) for trafficking violations. This determination letter also stated that Appellant’s eligibility for a trafficking civil money penalty (CMP) according to the terms of Section 278.6(i) of the SNAP regulations was considered. However, the letter stated to Appellant that “. . . you are not eligible for the CMP because you failed to submit sufficient evidence to demonstrate that your firm had established and implemented an effective compliance policy and program to prevent violations of the Supplemental Nutrition Assistance Program.”

On February 12, 2021, Appellant appealed the Office of Retailer Operations and Compliance’s assessment and requested an administrative review of this action. The appeal was granted.

STANDARD OF REVIEW

In an appeal of an adverse action, Appellant bears the burden of proving by a preponderance of evidence that the administrative action should be reversed. That means Appellant has the burden of providing relevant evidence that a reasonable mind, considering the record as a whole, would accept as sufficient to support a conclusion that the argument asserted is more likely to be true than untrue.

CONTROLLING LAW

The controlling law in this matter is contained in the Food and Nutrition Act of 2008, as amended (7 U.S.C. § 2021), and implemented through regulation under Title 7 CFR Part 278. In particular, 7 CFR § 278.6(e)(1)(i) establishes the authority upon which a permanent disqualification may be imposed against a retail food store or wholesale food concern in the event that personnel of the firm have engaged in trafficking of SNAP benefits.

7 CFR § 278.6(e)(1)(i) reads, in part:

FNS shall . . . [d]isqualify a firm permanently if . . . personnel of the firm have trafficked as defined in § 271.2.

Trafficking is defined, in part, in 7 CFR § 271.2, as “the buying or selling of [SNAP benefits] or other benefit instruments for cash or consideration other than eligible food.”

APPELLANT’S CONTENTIONS

Appellant’s responses regarding this matter are essentially as follows:

- Appellant has not had any previous issues with SNAP compliance.
- Appellant denied trafficking and purchases of nonfood items many times from the investigator.
- Appellant denies the allegations.
- The investigator was persistent and abusive.
- The response to the FOIA request was incomplete.

These explanations may represent only a brief summary of Appellant’s contentions. However, in reaching a decision, full consideration has been given to all contentions presented, including any others that have not been specifically listed here.

ANALYSIS AND FINDINGS

As to Appellant’s denial of violations, this review examines the relevant information regarding the determination. Once the Office of Retailer Operations and Compliance establishes a violation occurred, Appellant bears the burden of providing relevant evidence to support a conclusion, considering the record as a whole, that the permanent disqualification should be reversed. If this is not demonstrated, the case will be sustained. Without supporting evidence and rationale, assertions that the firm has not violated program rules do not constitute valid grounds for overturning the determination.

Appellant stated the response to the FOIA request was incomplete. Appellant has the right to appeal the response it received to its FOIA request. However, the FOIA process is different than the administrative review process.

First SNAP Violation

Appellant contends that this is the first time there has been an issue related to SNAP. A record of program participation with no documented previous violations, however, does not constitute valid grounds for mitigating the impact of the present serious determination of trafficking. Appellant also contends it denied trafficking and purchases of nonfood items many times, and

that the investigator was persistent and abusive. Appellant's contentions are not supported by the investigative report. The report indicates that both times that trafficking was attempted, it was permitted by store personnel. Similarly, each time nonfood transactions were attempted, they were also permitted by store personnel.

CIVIL MONEY PENALTY

For a firm to have the opportunity to be considered for a civil money penalty (CMP), it must request that FNS consider a CMP in lieu of permanent disqualification and submit supporting documentation within ten days of receipt of the charge letter. Appellant was advised of these provisions in the charge letter of August 9, 2018. The regulations specify that such supporting documentation must demonstrate that the firm had established and implemented an effective SNAP compliance policy and training program prior to the occurrence of violations. A review of the administrative record indicates Appellant did not, at any time, request a CMP. Appellant also did not submit any documentation to support its eligibility for this alternative sanction, before or after the deadline.

In the absence of a request for a CMP and any supporting documentation, a CMP was not assessed by the Office of Retailer Operations and Compliance. According to the requirements stated in 7 CFR § 278.6(b)(1), § 278.6(b)(2)(ii and iii), and § 278.6(i), Appellant is not eligible for a CMP in lieu of a permanent disqualification from participation as an authorized retailer in SNAP. The determination by the Office of Retailer Operations and Compliance to deny Appellant a civil money penalty is sustained.

CONCLUSION

Based on a review of the evidence, it appears that the program violations at issue did, in fact, occur as charged. As noted previously, the charges of violations are based on the findings of a formal USDA investigation. All transactions cited in the letter of charges were conducted under the supervision of a USDA investigator and all are fully documented. A review of this documentation has yielded no indication of error or discrepancy in any of the reported findings. Rather, the investigative record is specific and accurate with regard to the dates of the violations, the specific exchanges of SNAP benefits for cash, and in all other critically pertinent detail.

Based on the discussion above, the determination by the Office of Retailer Operations and Compliance to impose a permanent disqualification against Egan Deli Inc from participating as an authorized retailer in SNAP is sustained.
