**FINAL AGENCY DECISION**

The U.S. Department of Agriculture (USDA), Food and Nutrition Service (FNS) finds that there is sufficient evidence to support the determination by the Retailer Operations Division to withdraw the authorization of Louisiana Atlanta Seafood Market (hereafter Appellant) to participate as an authorized retailer in the Supplemental Nutrition Assistance Program.

**ISSUE**

The issue accepted for review is whether the Retailer Operations Division took appropriate action, consistent with 7 CFR § 271.2, § 278.1(a), § 278.1(b), § 278.1(m) and (n) in its administration of the Supplemental Nutrition Assistance Program (SNAP) when it withdrew the application of Appellant to participate in SNAP via correspondence dated August 18, 2019.

**AUTHORITY**

7 U.S.C. § 2023 and the implementing regulations at 7 CFR § 279.1 provide that “A food retailer or wholesale food concern aggrieved by administrative action under § 278.1, § 278.6 or § 278.7 . . . may . . . file a written request for review of the administrative action with FNS.”

**CASE CHRONOLOGY**

The FNS requires that stores and delivery routes be reauthorized on a set schedule. Appellant submitted a reauthorization application dated September 16, 2018. In correspondence dated March 5, 2019, FNS requested information needed to complete the reauthorization process. The record reflects that FNS conducted a store visit on November 9, 2018. The report of that visit, in conjunction with information on the reauthorization application, indicated that the firm has a

significant prepared food operation and appeared to operate as a restaurant. Retailer Operations Division requested specific documentation to ascertain the firm's SNAP eligibility. In correspondence dated March 29, 2019, Retailer Operations Division requested additional information regarding the firm's sales information as the previously submitted documentation was deemed inadequate in which to properly determine the firm's SNAP eligibility.

In correspondence dated July 25, 2019, Retailer Operations Division again requested additional information regarding the firm's sales information. The record reflects that the information provided by Appellant was adequate (i.e. unclear or incomplete) and in correspondence dated August 18, 2019, FNS notified Appellant that its authorization to participate as a retailer in the Supplemental Nutrition Assistance Program (SNAP) was being withdrawn. FNS informed Appellant that retail food store will be required to undergo a periodic reauthorization determination by updating any or all of the information on the firm's application form and/or by allowing representatives of Food and Nutrition Service (FNS) to obtain this information during a store visit. In accordance with SNAP Regulations, 7 CFR 278.1 (n), FNS may withdraw the authorization of any firm which fails to cooperate in the reauthorization process. Failure to cooperate may include non-response to a request for information, failure to submit information timely, or submission of unclear or incomplete information in response to a request.

In a letter dated August 26, 2019, Appellant appealed Retailer Operations Division's decision and requested an administrative review of this action. The appeal was granted and implementation of the withdrawal has been held in abeyance pending completion of this review.

### **STANDARD OF REVIEW**

In appeals of adverse actions, Appellant bears the burden of proving by a preponderance of the evidence that the administrative actions should be reversed. That means Appellant has the burden of providing relevant evidence which a reasonable mind, considering the record as a whole, would accept as sufficient to support a conclusion that the matter asserted is more likely to be true than not true.

### **CONTROLLING LAW**

The controlling statute in this matter is contained in the Food and Nutrition Act of 2008, as amended, 7 U.S.C. § 2018 and § 278 of Title 7 of the Code of Federal Regulations (CFR).

7 CFR § 271.2 states “ An establishment or house-to-house trade route that sells food for home preparation and consumption normally displayed in a public area, and either offers for sale, on a continuous basis, a variety of foods in sufficient quantities in each of the four categories of staple foods including perishable foods in at least two such categories (Criterion A) as set forth in § 278.1(b)(1) of this chapter, or has more than 50 percent of its total gross retail sales in staple foods (Criterion B) as set forth in § 278.1(b)(1) of this chapter by visual inspection...”

7 CFR § 278.1(a) states in relevant part: “Any firm desiring to participate or continue to be authorized in the program shall file an application as prescribed by FNS. Such an application shall contain information which will permit a determination to be made as to whether such an application qualifies, or continues to qualify, for authorization, under the provisions of the program. FNS may require that a retail food store or wholesale food concern be visited to confirm eligibility for program participation prior to such store or concern being authorized or reauthorized I the program. Required visits shall be conducted by an authorized employee of the Department...”

7 CFR § 278.1(b) states in relevant part: “An applicant shall provide sufficient data and information on the nature and scope of the firm’s business for FNS to determine whether the applicant’s participation will further the purposes of the program. ...Failure to comply with any request for information or failure to sign a written release form shall result in denial of the application for authorization or withdrawal of a firm or concern from the program.”

7 CFR § 278.1(m) states in relevant part: “FNS may withdraw or deny the authorization of any firm which: (1) Refuses to accept correspondence from FNS; (2) Fails to respond to inquiries from FNS within a reasonable time: or (3) Cannot be located by FNS with reasonable effort.”

7 CFR § 278.1(n) states in relevant part: “At the request of FNS a retail food store or wholesale food concern will be required to undergo a periodic reauthorization determination by updating any or all of the information on the firm’s application form. Failure to cooperate in the reauthorization process will result in withdrawal of the firm’s approval to participate in the program.”

### **APPELLANT’S CONTENTIONS**

In response to the Retailer Operations Division withdrawal action and in the request for administrative review, Appellant has stated as its position in the matter the following:

1. I disagree with this determination. All documents are very clear and show our hot food vs. staple food sales.
2. I’d like to send you more information about my Louisiana Atlanta Seafood Market.

Appellant provided a three week sales report for July 2019 in support of its position. The preceding may represent only a brief summary of Appellant’s contentions in this matter. However, in reaching a decision, full attention and consideration have been given to all contentions presented, including any not specifically recapitulated or referenced herein.

### **ANALYSIS AND FINDINGS**

With regards to Appellant’s contentions, it is important to clarify for the record that the purpose of this review is to either validate or to invalidate the earlier decision of the Retailer Operations Division, and that it is limited to what circumstances existed at the time of the withdrawal action

by the Retailer Operations Division. The SNAP regulations at §278.1(b) are clear that an applicant shall provide sufficient data and information on the nature and scope of the firm's business for FNS to determine whether the applicant's participation will further the purposes of the program. The SNAP regulations at §278.1(a) are clear that FNS may require a retail food store to be visited to confirm eligibility for program participation prior to such store being reauthorized. The SNAP regulations at §278.1(m) state that FNS may withdraw the authorization for refusal to accept correspondence or to respond to inquiries. Finally §278.1(n) makes it clear that failure to cooperate in the reauthorization process will result in withdrawal of the firm's approval to participate in the program.

The authorization of a store to participate in the SNAP must be in accord with the Act and the Regulations, as amended; those requirements of law cannot be waived. The attempted store visit reports do not indicate that the store personnel had difficulty understanding the request to review the store.

The store was withdrawn under 7 CFR § 278.1(n) for failure to cooperate when the Retailer Operations Division requested specific documentation in order to determine Appellant's SNAP eligibility. As a result of the store's failure to cooperate, Retailer Operations Division was unable to make a determination regarding Appellant's eligibility under the rules governing Criteria B.

## CONCLUSION

Based on the discussion above, the initial decision by the Retailer Operations Division to withdraw the application of Louisiana Atlanta Seafood Market to participate in SNAP was proper and therefore, is sustained. However, there is no waiting period for submitting a new application for authorization that is associated with the particular basis for which the store was withdrawn. **Therefore, the Appellant may file a new application for participation in SNAP at any time subsequent to receipt of this correspondence.**

## RIGHTS AND REMEDIES

Your attention is called to Section 14 of the Food and Nutrition Act of 2008, as amended, (7 U.S.C. § 2023) and to Title 7, Code of Federal Regulations, Part 279.7 (7 CFR § 279.7) with respect to your right to a judicial review of this determination. Please note that if a judicial review is desired, the Complaint, naming the United States as the defendant, must be filed in the U.S. District Court for the district in which you reside or are engaged in business, or in any court of record of the State having competent jurisdiction. If any Complaint is filed, it must be filed within thirty (30) days of receipt of this Decision.
